

EcoMaster 5000

- » Reservoir mounted aqueous parts washer. Designed for easy servicing - sink can be removed from reservoir in seconds. Equipped with a dual filter system, flow-through brush and spigot; making your cleaning job fast and easy. For use with an aqueous based cleaning solution.

Features

- » Corrosion resistant heavy-duty pump
- » Flo-through brush and spigot with adjustable fluid control
- » Reservoir engineered to provide excellent tank stability
- » Filter system prolongs fluid life. Filter cartridge P/N 7062
- » Automatic thermostat preset to 110°F
- » Ground fault circuit interrupter for added safety
- » Dual switches: heater and pump
- » Low-level fluid sensor
- » Heavy-duty door closure with fusible link 165°F

Specifications

- » Sink dimensions: 36" L x 22½" W x 9" D
- » Overall dimensions: 42" L x 35" W x 65" H
- » Shipping dimensions: 41" L x 34" W x 39" H
- » Weight: 170 lbs.
- » Fluid capacity: 30 gallons
- » Maximum fluid depth: 16"
- » Minimum fluid depth: 8½"
- » Load lift over: 38"
- » Voltage: 115V/60HZ/1PH/15 Amp
- » Pump: Fractional
- » Heater: 1000 W

Accessories

- » 193445 Light kit
- » 193589-02 Soak tray
