

EcoMaster AL40AQ

- » Heavy duty stainless steel construction for long lasting durability. Featuring Fountain Industries new patented lift system. Reduced footprint.

Features & Specifications

- » Fluid capacity: 40-Gallons
- » Tank thickness: 12 gauge
- » Shipping weight: 225 lbs.

Machine

- » Overall size: 27" W x 34 1/2" L x 59" H
- » Inside size: 20" W x 25 1/2" L
- » Fluid level: 16"
- » Load lift over: 32 1/2"

Carrier platform

- » Size: 18" W x 24" L
- » Load capacity: 100 lbs.
- » Lift requirements: 20CFM@40PSI

Engineering data

- » Pump motor HP: Fractional
- » Pump voltage: 115V/60HZ/1PH
- » Amps: 1A
- » Heater voltage: 230V/60HZ/1PH
- » Heater amps: 12A
- » Heater watts: 2500W
